This edition is dedicated to teacher training and professional development. As educators, we understand the paramount importance of continuous learning and growth in the field of education. We embark on a journey to explore the myriad facets of ToT, uncovering insights, strategies, and practices that propel our educators toward excellence. At the heart of effective teaching lies a commitment to growth and adaptation, and it is within these pages that we discover the tools to facilitate such progress. Amidst the ever-evolving landscape of education, it is imperative that our lecturers are equipped with the skills and knowledge necessary to navigate its complexities adeptly. From innovative pedagogical approaches to harnessing the power of technology in the classroom, ToT serves as a compass, guiding our educators toward best practices and transformative methodologies. Furthermore, we shine a spotlight on the invaluable role of mentorship and collaboration in fostering professional growth. Through the exchange of ideas and experiences, our teachers cultivate a rich tapestry of expertise that enriches not only their own practice but also the collective wisdom of our educational community. As we delve into the rich tapestry of teacher training, let us reaffirm our commitment to providing our educators with the support and resources they need to flourish. Together, let us cultivate a culture of lifelong learning and empowerment, where every teacher has the opportunity to realize their full potential and, in turn, inspire the minds of tomorrow. Thank you for embarking on this journey with us. Best Wishes, Dr.D.Uma Rani Principal		4) News from Departments	2
