Subject: Permission to Conduct One Day National Seminar

Respected Madam,

I request your kind permission to conduct a **One Day National Seminar on "Modern Machine Learning Techniques and AI Tools: A Hands-on Approach"** on **5th July 2025 from 10:00 A.M. to 4:00 P.M.** at **MANA TV**. The seminar is organized by the **Department of Computer Science** to provide knowledge about modern machine learning techniques and AI tools to students and faculty. **Dr. Premkumar Borugadda** and **Dr. Y. Adi Lakshmi** will attend as resource persons and deliver technical sessions.

Therefore, I kindly request you to grant permission to conduct this seminar and allow us to use **MANA TV Hall** for the program.

Thanking you.

Subject: Request for Permission to Allow Faculty Member to Act as Resource Person for National Workshop

Respected Sir,

Greetings from Govt. Degree College, Avanigadda.

We are pleased to inform you that the **Department of Computer Science**, Govt. Degree College, Avanigadda, is organizing a **One Day National Seminar on "Modern Machine Learning Techniques and AI Tools: A Hands-on Approach"** scheduled to be held on **5th July 2025**.

In this connection, we have invited **Dr. Adi Lakshmi Yannam**, Professor & Head, Department of CSE (AI & ML), Seshadri Rao Gudlavalleru Engineering College, to serve as a **Resource Person** and deliver an expert session during the workshop.

We kindly request you to grant permission to **Dr. Adi Lakshmi Yannam** to participate in this academic event and share her valuable expertise with our participants. Her contribution will be highly beneficial to the faculty and students attending the workshop.

We look forward to your kind consideration and favorable response.

Yours faithfully,

D. — 24/6/25

Govt. Degree College
Avanigadda.

About the College

Govt. Degree College, Avanigadda was established in 1977 with the vision to uplift the educational and socio-economic standards of the people of Diviseema, a remote coastal region in Andhra Pradesh, where livelihoods are deeply connected to nature. The college was founded through the efforts of Sri M.V. Krishna Rao, a native leader who, as the Education Minister of Andhra Pradesh, played a pivotal role in bringing higher education to this underserved region.

Initially offering Arts and Commerce streams, the institution expanded in 2005 to include Science courses, reflecting its continuous pursuit of academic excellence. The college is committed to providing holistic education that promotes national integration, environmental awareness, cultural respect, and scientific outlook. Its mission is to foster responsible citizenship, moral values, and legal and environmental consciousness among students, especially in preserving the unique ecosystem of the Island area.

The college has been accredited by NAAC with a **B++ grade** and a **CGPA of 2.96**.

About the Department

The Department of Computer Science at Government Degree College, Avanigadda, is dedicated to delivering quality education in the ever-evolving field of computer science. The department aims to empower students with technical proficiency, analytical thinking, and industry-relevant skills, preparing them for

successful careers in IT, academia, and research.

Mrs. N. Swarna Jyothi, M. Tech and Ph.D. (Pursuing), is a Lecturer in Computer Science, actively engaged in research and fostering a culture of innovation and problem-solving.

Mr. M. Rama Rao, M.C.A, also a Lecturer in Computer Science, brings valuable industry experience and practical insights, greatly enhancing the academic environment.

About the Program

The **National Seminar on "Modern Machine Learning Techniques and AI Tools: A Hands-on Approach"** is a thoughtfully curated academic event aimed at exposing participants to contemporary machine learning methodologies and practical applications of AI tools.

Designed for students, educators, and researchers, this seminar will explore foundational concepts and emerging trends in machine learning and artificial intelligence. Through expert-led sessions, attendees will gain valuable insights into algorithm design, model building, and the effective use of AI-based tools in education, research, and real-world scenarios.

This seminar encourages interactive learning, practical exposure, and critical thinking, enabling participants to enhance their knowledge and apply it effectively in academic and professional domains.

REPORT

The Department of Computer Science, Govt.Degree College, Avanigadda,organized a one-day seminar on *Artificial Intelligence and Machine Learning* with the objective of strengthening students' conceptual understanding and exposing them to real-world technological advancements. The program was conducted at **MANA TV Room** (used as the Seminar Hall) enabling both conceptual sessions and hands-on demonstrations. A total of 100 students from various colleges actively participated, reflecting multidisciplinary interest in emerging AI & ML technologies on 5-07- 2025 from 10.00 AM to 4.00PM

TECHNICALSESSIONS

Resource Person– 1

Dr. Prem kumar Borugadda, M.Tech., Ph.D. (AI&ML), Postdoc. Ashoka School of Business, Hyderabad.

Dr. Prem kumar delivered an in-depth session focusing on the foundations of Artificial Intelligence and Machine Learning. His lecture illuminated the transformation of intelligent systems, supervised and unsupervised learning approaches, and modern AI applications in business, industry, and societal problem-solving. He emphasized the global relevance of data-driven decision-making and demonstrated practical pathways for students aspiring to pursue careers in AI research and development. His explanations bridged theory with everyday technological experiences, greatly benefitting the participants.

Resource Person–2

Dr. Y. Adi Lakshmi, M. Tech., Ph.D., Professor & HOD, CSE (AI & ML), Seshadri Rao Gudlavalleru Engineering College, Gudlavalleru.

Dr. Adi Lakshmi conducted a highly engaging technical session with hands-on demonstrations in the computer lab. She introduced participants to applied machine learning workflows, dataset handling, and real-time algorithm execution. Her session focused on problem-solving strategies, model evaluation, and the ethical dimensions of AI-driven systems. The practical component enhanced student confidence in using ML tools and provided clarity on academic and industry requirements in the AI domain.
